

MEDIA COVERAGE FOR BRAVE ADVENTURES, LITTLE GIRL

BRAVE ADVENTURES, Little Girl

MY FOLKS GREW UP IN THE '80S

BY BECK & ROBIN FEINER

My Folks Grew Up in the '80s is a stroll down memory lane for the kids who grew up then, and a hilarious chance to share the decade's outright weirdness with a whole new generation. The book's quirky text references everything from crimpers and cassette tapes to leg-warmers and shoulder pads. The bright illustrations almost pop off the page, and are full of hidden details which invite repeat readings.

This is a fabulous book to share with children aged five and up, to enjoy travelling back in time together.

BRAVE ADVENTURES, LITTLE GIRL

BY IRESHA HERATH AND OSCAR FA

Visiting her grandparents is always an adventure, and Anika can't wait to show them what she's learnt in kindergarten. But things don't always go to plan. Can her grandfather, Seeya, help Anika overcome the fear she sometimes feels when trying new things? And what fantastical stories will he tell of his adventures that can help her feel brave?

This is a positive, culturally diverse picture book to share with readers aged 5-8, who will enjoy the adventurous travel tales and engaging illustrations.

NOVEMBER 2019 | My Child 37

My Child Magazine

Brave Adventures, Little Girl by Iresha Herath, takes little readers on a journey around the globe while reflecting on the importance of grandparents and finding courage to embrace all that life has to offer.

Anika is a sweet little four-year-old girl, who adores her grandparents. She visits them every Sunday and takes us along to visit them. In this culturally diverse story, her Sri Lankan born grandparents are known as 'Seeya' and 'Achi', which mean grandfather and grandmother in the Sri Lankan dialect of Sinhala.

Congratulations on the publication of your first children's book Brave Adventures, Little Girl. Your story is about a young girl called Anika. Can you introduce us to her?

Anika is my 12-year-old daughter but the book was written when she was four years old. She is a magical soul (yes I'm biased!), beautiful, gentle, funny kind and crazy in a good way, and
